

SPINING LURES & FEEDERS

CATCH MORE!

www.WIREK.cz

WIRESK

Made in the Czechia, tested in water 🇨🇪

Since 1983, Wirek has been developing lures and fishing gear to meet the needs of the most demanding anglers. We offer hundreds of proven spinners and spoons – from bestsellers to the latest innovations – with a focus on effectiveness and durability.

As pioneers in eco-friendly solutions, we provide lead-free feeders and various types of rigs for every fishing style. Anglers in over 30 countries trust our products: Czechs, Slovaks, Poles, and many more know that with Wirek, you **catch more**.

42 years of experience that still work today

Made in the Czech Republic

100+ models tested by anglers across Europe

Baits and feeders in various shapes, colors, and sizes

ROUND

ROUND

classic model of spinner in modern version. Six sizes and rich choice of colors bring a chance of perfect fitting, depending on actual fishing conditions. It's worth remembering that thanks to broad angle of rotation (60 deg.), Wirek Round is ideal spinner for shallow fishing, allowing for smooth retrieving over subwater obstacles.

LONG

LO - 4 - 30

LO - 4 - 09

LONG

Elongated blade shape results in specific angle of rotation which in Long models is exactly 30 deg. Thanks to that Long can operate deeper than classic spinners with broader blades and can reach the effective fishing zone easier.

Models with stamped blade (**LOG**) have red feather teader tail treables.

SPINNERS

LONG II

Long II – Elongated shape of blade results in relatively low angle of rotation – 30 deg. – what allows for deeper fishing. Embossed blade refracts light beams what makes Long II very productive spinner. Efficiency is improved by means of red wool tail too.

Size	Code	Weight (g)	Blade length (mm)
0	LK - 0 - ...	2,5	24,3
1	LK - 1 - ...	4,0	31,5
